Tutoring Experience

I have taught English to Spanish students, of all ages, for over 8 years and in that time I have increased the level and helped many students get a lot more comfortable and confident in speaking.

- I give conversation classes and also preparation classes for job interviews, presentations, exams...
 - I help in the preparation of reports, dossier, CV...
 - The classes are dynamic, personalised and fun, adapted to the level and needs of each student.
 - Use different online resources, videos, audios, books and multimedia

English Tuition Approach

My methodology is very personalised according to each person and their needs.

 www.tutorchase.es

I teach classes exclusively in English with the support of books and exercises as required.

We do predominately conversational exercises (or drills) to help with the speed and fluency.

The content of the classes will be adapted to the needs of the students, as well as the material and techniques used.
